

Area Manager for Wildlife, Tourism and Conservation area

[Apply Now](#)

Company: PRI

Location: Kafue

Category: other-general

Overview

We are hiring!

Our client in the Northwestern Province is looking for an Area Manager to join their team for a job vacancy within the Wildlife, Conservation and Tourism industry.

The Area Manager would be permanently based on the respective GMA and you need to have a passion for Zambia's people, wildlife, conservation principles and the flora and fauna that makes up the Kafue ecosystem.

Job Description

- Adherence and oversight of the GMA lease agreement.
- Building and maintaining good relations with the local authorities in relation to the said agreement (i.e. DNPW /CRB etc)
- Building and maintain good relations with the traditional leadership and respective Chiefs.
- Building and maintaining a good relationship with the respective communities.
- Assistance with anti-poaching/security.
- Road building which entails identifying best placed roads for increased access and reduced annual maintenance.
- Annual road maintenance.
- Best fire management practices to be implemented across the managed landscape and the respective vegetation types.
- Completing a build of the tented camp and then the annual management thereof of the said camp.

- Marketing of hunting safaris to achieve market value revenue generation and ensuring best practice hunting standards of sustainable offtakes in pre-agreed zones.
- Arranging (through the respective office) respective hunting license/GMA permits for international hunts.
- Manage contracts, payroll and overtime claims.
- Proactive planning to manage duties & tasks.
- Departmental procurement.
- Team leadership.
- Weekly & monthly reports.
- Annual budgeting and management thereof.
- Working through a Govt Dept, where applicable, to remain compliant at all times.
- To manage the respective employees to ensure that the necessary engagements, time keeping, task allocation and any disciplinary action is done in respect of the Labour Laws of Zambia.

Attributes Required

- To be able to work well with local authorities, traditional leadership and community members.
- Good understanding of the local flora and fauna as well as the associated habits and habitat.
- The ability to produce and present accurate reports.
- Good team player/leader and can work productively with respective staff members.
- Good managerial ability.
- Good planner.
- Work well under pressure.
- Articulate.
- Open minded.
- Good communicator.
- Can live in a remote environment.

Qualification/Requirements

- Minimum 5 years' experience in a similar position.
- Contactable references.
- Zambian PH License (This is not essential).
