Company: PRI

Location: Zimba

Category: other-general

Overview

We are hiring!

Our client in Zimba, Southern Province, is looking for a Plumber to join their team for a job vacancy within the agriculture industry.

The applicant must be able to carry out the following:

Installing, repairing, and maintaining pipes, valves, fittings, drainage systems, and fixtures in existing structures

Reading and interpreting blueprints and drawings to plan and execute plumbing layouts and installations.

Collaborating with other construction professionals and following building codes and safety regulations

Responding to, diagnosing, and resolving plumbing emergencies and issues

Cutting, welding, and assembling pipes and tubes with attention to existing infrastructure

Installing and maintaining water supply systems and various household and building appliances

Requirements

Proven experience as a plumber and excellent knowledge of plumbing

Willingness to observe all safety precautions for protections against accidents, dangerous

fluids, chemicals etc.

Excellent physical condition

Diploma/Certificate in plumbing

Please note that only shortlisted applicants will be contacted.
